**When it comes to what you pay for Three's services, we think three things matter most. Giving you choice. Treating you fairly, with clear price plans and no unfair penalties. And providing great value, with some of the lowest cost voice calls and texts you can find.**

**Three = great value**

When you're with Three, you've got big flexibility. First, you can choose between paying monthly or Pay As You Go, then select the right price plan or Top-up for you. Beyond that, there's a range of Add-ons you can select. This guide talks about what we do charge for.

# International charges<sup>18</sup>

Most Pay Monthly customers, including SIM Only customers and Pay As You Go customers will automatically have international roaming enabled on their account. If you joined us before 22 July 2010 and haven't roamed abroad since, you will need to contact us by calling Three Customer Services (before leaving the UK), so we can activate international roaming for you. If you need to contact Three Customer Services while abroad call +44 778 2333 333 (this call will be charged at your standard roaming rates). Calls made from abroad to your voicemail will also be charged at standard roaming rates.

Please visit [Three.co.uk/roaming](http://Three.co.uk/roaming) to see which countries you can roam in and the cost.

Calls made from the UK to anywhere outside the UK normally have a one-minute minimum charge and are then charged by the second<sup>12</sup>. When in an EU destination, the minimum charge for making a call is 30 seconds, after which calls are charged by the second. Calls received in an EU destination are charged by the second with no minimum initial charges. When in a non-EU destination, the cost for making a call is normally charged per minute. Calls received when in a non-EU destination have a one-minute minimum charge and are then charged by the second.

To help you manage your roaming costs, we'll text you information about call charges and roaming rates when you're abroad for each destination worldwide. We've also set up a worldwide data roaming limit of £45 to stop you spending too much. You will need to contact Three Customer Services if you'd like this limit removed.

To see the **roaming rates you'll be charged for calls and texts**, you'll need to know (1) the Band that the country you're in is in and (2) which Band the country you're trying to contact falls within. Note that Go Roam Around the World Extra destinations are excluded from these plans.

Prices quoted above include VAT, where applicable. Check [Three.co.uk/go-roam](http://Three.co.uk/go-roam) for more information and the latest on which destinations are included.

For international data roaming bands and charges, see page 21.

## Is there any other information about Go Roam that I should know?

Use of Three Services in our Go Roam destinations is subject to our fair use policies. These fair use policies differ depending on whether you are roaming in a Go Roam in Europe or Go Roam Around the World destination and may be updated from time to time:

### Go Roam in Europe

- If you're roaming in our Go Roam in Europe destinations, you can use a portion of your data allowance each month at no extra cost. If you have a data allowance greater than 12GB, you can use up to 12GB of data each month to get online. If you use 12GB and still have remaining data allowance available, you can continue to use your data, but this is subject to a surcharge currently 0.3p/MB.
- There are no fair use limits for calls made or texts sent to standard landline or mobile numbers within our Go Roam in Europe destinations or back to the UK.

### Go Roam Around the World

- If you're roaming in our Go Roam Around the World destinations, you can use a portion of your allowance of voice minutes, texts and data each month at no extra cost:
- If you have more than 12GB data included in your allowance, you can use up to 12GB of data each month to get online. If you use 12GB and still have remaining data allowance available, you can continue to use your data, but this is subject to a surcharge currently 0.3p/MB.
- If you have more than 5,000 texts included in your allowance, you can send up to 5,000 texts back to the UK each month from a Go Roam Around the World destination.
- If you have 3,000 or more minutes included in your allowance, you can talk for up to 3,000 minutes on calls made to standard UK landlines or mobile numbers each month.
- If you exceed the fair use limits for minutes or calls for any two months within a rolling 12-month period we have the right to suspend international roaming on your account, meaning you will no longer be able to use your device or allowances abroad. Of course, we will let you know in advance if this is likely to happen.

### Go Roam in Europe and Go Roam Around the World

- Go Roam is intended for our UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.
- As such, if you roam exclusively in one or more of our Go Roam destinations (including both Go Roam in Europe and Go Roam Around the World) for any two complete months in a rolling 12-month period, we may suspend international roaming on your account, meaning you will no longer be able to use your phone or device abroad. Of course, we'll let you know in advance if this is likely to happen.
- If you spend a full month abroad but some of that time is spent in a destination that isn't included in Go Roam, this fair use policy won't apply.
- In Go Roam destinations, Three may deploy traffic management measures, known collectively as TrafficSense™, to protect the network and to give customers the best internet experience. Find out more about TrafficSense™

You can find out more about Go Roam at [three.co.uk/go-roam](https://three.co.uk/go-roam). And just so you know, we reserve the right to extend, withdraw or modify the terms of Go Roam and/or the destinations of service included at any time.

## What about destinations not covered by Go Roam – how much will it cost to use my phone there?

It's important to remember that the allowances included in your Pay Monthly Package are for calls and texts to standard UK numbers, not international numbers. Our international charges for calling or texting vary depending on (1) where you are and (2) where the person you are calling or texting is located. The relevant international costs to call or text outside of our Go Roam destinations are located below.

The cost of data use abroad (when not in a Go Roam destination) is set out on page 21 (please note, the 'Bands' are different for data use).

To see the roaming rates you'll be charged when in a specific country, use [the table on page 17](#) to identify the band that the country you're going to falls within and if you are contacting someone in a different country (on an international number), check which band that destination falls into. Then check the tables below.

### Making and receiving calls to standard mobile and landline numbers when abroad <sup>12</sup>

		Where are you calling?		
		Back to the UK & within the same Band (per minute)	Anywhere else in the world (per minute)	How much will it cost to receive a call in these Bands? (per minute)

	Band 3	£3.00	£3.00	£1.25
	Band 4	£3.00	£3.00	£1.25

**Note:** The above tables do not include out of allowance roaming charges for Go Roam destinations – please see page 18 for these.

### Sending and receiving texts while abroad <sup>3, 8</sup>

Where are you texting from?	Cost to send (per message) to anywhere in the world	Cost to receive a text (per message)
Band 0	4p	Free
Band 1	35p	
Band 2	35p	
Band 3	35p (except if you're in Russia, Cuba or Tunisia, in which case it will cost 50p).	
Band 4	50p	

## Internet and data usage abroad.

When you roam onto other international networks where data roaming is available, the charges below will apply (except if you're in a Go Roam in Europe or Go Roam Around the World destination – see page 18 for more information).

The speed and availability of Internet access when abroad will depend on a number of factors, including which network you are roaming on and the services they have available – for example, 4G networks may not be available, in which case you may only be able to enjoy 3G speeds. Other factors which may affect the speeds that you'll experience include your distance from the nearest mast, your location in a building, local geography and the type of device you're using. Certain services such as audio and/or video streaming may be slower as a result than in the UK. For the latest information on which countries you can roam in and on which networks, visit [Three.co.uk/roaming](http://Three.co.uk/roaming)

Band	Countries	Cost per MB
<b>Data Band 1</b>	Monaco.	10p
<b>Data Band 2</b>	Benin, Botswana, North Cyprus (Turkey), India, Ivory Coast, Japan, Philippines, South Africa, Taiwan, Thailand, Turkey, Yemen.	£3
<b>Data Band 3</b>	Rest of the World excluding Go Roam destinations – see page 6. Maritime Networks (Ships, Ferries, Cruise Liners), Airlines.	£6

Data charges are for data sent and received and are calculated to the nearest kilobyte.

If you're roaming in a destination where our Data Passport is available (see page 6), you can also choose to buy an unlimited, data allowance for a daily charge of £5 which lfor 24 hours from activation.

## Calling and texting abroad from the UK.

If you're on a Pay Monthly plan which has an inclusive allowance, your inclusive allowances can't be used to make calls or send messages to international numbers. If you're calling abroad, the cost will depend on which band the number you are calling falls within (see table on page 17). If you're receiving a call from an international number, when in the UK, you won't be charged to receive that call.

Calls made from the UK to anywhere outside the UK normally have a 1 minute minimum charge and are then charged by the second<sup>12</sup>. For call charges to international non-standard numbers see [three.co.uk/nts](http://three.co.uk/nts)

### Voice calls made from the UK to a standard international number

Where are you calling?	Cost (per minute)
Go Roam	See page 19
Band 0	46p
Band 1	56p (except calls to South Africa, which cost £1.02 per minute)
Band 2	£1.02
Band 3	£1.02
Band 4	Charges vary by country code dialled and/or network

## Make international calls for less from the UK, only on Pay As You Go

With no connection fee and no need to sign a contract, we make it easy for you to stay in touch with friends and family around the world. By simply adding a 3-digit prefix in front of an international landline or mobile number, you can call abroad from as little as 1p a minute. Any call charges are per minute and are taken off your normal Pay As You Go credit.

Visit [Three.co.uk/paygint](http://Three.co.uk/paygint) for more information.

## Sending messages from the UK to an international number

If you're sending messages from the UK to an international number, the cost is the same regardless of where you're messaging or calling:

Charges from the UK to any country	Cost to send (per message)	Cost to receive
SMS	25.2p	Free
MMS	40p	Free

## Calling a satellite number

Calls made (either from the UK or while abroad) to a satellite number (these usually start with the prefix 0087 or 0088) cost up to £7.66 per minute, regardless of where in the world the call is received.

# Special calls.

Certain kinds of calls within the UK fall outside the main price levels and are not included in your monthly allowance of inclusive minutes. Charges for these calls are shown in the following tables. Please call Customer Services for details of specific numbers. Visit [Three.co.uk/nts](http://Three.co.uk/nts) to check the price for specific 07, 08, 09 or 118 numbers.

From 1 July 2015, calls to numbers starting 0800 and 0808 are free for all customers and calls to numbers starting 084, 087, 09 and 118 are now split into two elements: an Access Charge (set by us at 45p per minute, with a 1 minute minimum charge) and a Service Charge (set by the company you're calling – they'll tell you this).

## Inclusive allowances.

On our price plans for Pay Monthly customers and most SIM plans (excluding SIM Zero), you may receive a monthly inclusive allowance which can be used in the UK and our Go Roam destinations up to the fair use limits set out in this Price Guide or at [Three.co.uk/go-roam](http://Three.co.uk/go-roam). If you do not use up your allowance in that month, you lose the unused portion of your allowance and it does not roll over to the next month. For Pay As You Go customers, Top-ups have no expiry date and Add-ons are valid for 30 days (excludes certain Internet Add-ons) from the date and time of activation (but you must remember to activate them within 90 days of date of purchase).

## Want to tether?

If you're a Pay As You Go customer, you can use your Add-on data allowance or your top-up credit at 1p/MB to create a Personal Hotspot in the UK and our Go Roam in Europe destinations (also known as 'tethering'). If you're on one of our contract plans (handset and SIM) we're happy for you to use your data allowance as a Personal Hotspot in the UK and in our Go Roam in Europe destinations. This means you can connect your phone to other devices via USB or Wi-Fi to connect to the Internet. If you're in a Go Roam Around the World destination, you won't be able to use your allowance or Tethering Add-on to tether.

## Cancellation and unlock fees.

If you bought your handset from Three, it may be locked to the Three network. We'll unlock this for you at no extra cost. If you want to cancel your contract before the end of your Minimum Term, you'll be asked to pay a Cancellation Fee. For more information please call Three Customer Services.

The following information does not apply if you are a Pay As You Go customer or Business customer.

When you cancel your account, you won't be able to view your bills on My3 or the Three App, so we'll send you your final bill by post. If your account is in credit when it closes, you may be owed a refund. Any refund owed to you over 50p, will be refunded within 14 days of your final bill. This refund will be sent to the bank account linked to your Three account. If you settle your monthly bill by card payment, any refund owed to you will be refunded directly to your card.

If your refund is less than 50p, a refund can be arranged by using our Live Chat service or by calling 0333 338 1001 (if you are a pay monthly customer), or 0333 338 1003 (if you are a MBB customer), standard call rates apply. If we cannot refund your credit and it remains unclaimed for a period of 6 months, Three will donate this credit to our charity partner.

Please note, not all types of credit are eligible for a refund. To find out more about our terms and conditions on refunds, please visit [three.co.uk/terms-conditions](http://three.co.uk/terms-conditions).

Plan, The One Plan and our All-in-one 35 Add-on on Pay As You Go. It's also part of some Talk and Text plans. It gives you all the Internet use you need when you're in the UK without the fear of 'bill shock'. With Unlimited data you can even use up to 12 GB a month in our Go Roam destinations. For International data roaming costs, when not in a Go Roam destination, please visit the roaming section of our website or page 21 in this Price Guide.

## Can't find details of your Price Plan?

This price guide includes details of Pay Monthly and SIM plans that a number of our customers are on, if they joined us before 18 March and 15 July 2014, respectively. If you're on one of our older price plans, it may not have been included in this Price Guide – you can call us on 333 (free from your Three phone or 0333 338 1001 from another phone (standard call rates apply)) and we'll be able to provide you with this information. For details of our new price plans, please select the appropriate Price Guide from [Three.co.uk/priceguide](http://Three.co.uk/priceguide)

## Unlimited data – what is it all about?

Unlimited data provides for worry-free Internet use. Even if you used your phone for every minute of every day you could only use around 1000 GB each month. A usage cap has been set at a 1000 GB in order for example to identify commercial use of the service, which is not permitted under the Terms for Three Services. Unlimited data is part of our Ultimate Internet

## How do you measure data usage?

Data usage is measured in bytes, this is then aggregated up into large units of measure

- Kilobyte (kB) = 1024 bytes
- Megabyte (MB) = 1024kB
- Gigabyte (GB) = 1024MB
- Terabyte (TB) = 1024GB
- Petabyte (PB) = 1024TB

All current data tariffs are charged and purchased as part of an inclusive allowance and / or as part of an Add-on which provides a specified amount of data you can use for a fixed price. Data usage is calculated based on the amount of data that travels over the data network. Please note that usage may include re-sent data packets and packets added to control the flow of data over the network.

Data is charged at each full MB level. Any partial MB usage will then be prorated as per the customer plan.

## Charges for used, damaged or missing devices or accessories.

1. If you return your device to us under our returns policy with missing or damaged accessories, you will be charged as follows:

Make	Accessory Type	Description	Missing / Damaged Accessory Charge

Non Apple	Charger	Mains Charger	£10.00
All	Handsfree	Personal Handsfree	£10.00
Apple	USB Cable	Apple USB Cable	£15.00
Non Apple	USB Cable	USB Cable	£10.00
All	Battery	Battery	£20.00
All	Memory Card	1 GB Micro SD card	£5.00
All	Memory Card	2 GB Micro SD card	£10.00
All	Memory Card	4 GB Micro SD card	£15.00
All	Memory Card	8 GB Micro SD card	£20.00

2. If you return your device used or damaged under our returns policy we will charge you a fee based on the particular device make and model, this could be as high as £234.

## Footnotes.

1. If your package includes a set of allowances, it's made up of a number of units which automatically convert into voice minutes, texts or data when you use your device to make a call, send a text or use data. A unit means either one minute of calls, one text or one megabyte of data. To help you understand the value you're getting from your plan, you'll see a breakdown of the exact cost of the units included within your allowances on page 2 of your monthly bill in the 'Answering Your Questions' section titled 'About Your Allowance's Unit Costs'. An example of the unit costs for a tariff such as The One Plan is as follows: 0.7p per minute, 0.08p per text and 0.008p per megabyte. These aren't charges for going over your allowance, these units are included in your plan. They also don't include any one-off reductions, discounts or any 30-day or rolling short-term Add-on allowances – the costs for short-term Add-on allowances are shown in the table on page 31. If any of your allowances are unlimited, for the purposes of calculating a price for you on your bill, we treat them as entitling you to either 3,000 minutes, 5,000 texts or 25 GB of data, so that we can show a cost. If any of your allowance can be used for two different things, like minutes and texts, we base the costs on you using half of your allowance on each type. For example, if you have 500 allowance units that you can choose to use as either minutes or texts, we base the costs on you using 250 texts and 250 minutes. Inclusive voice minutes in any price plans or Add-ons are for voice calls made either from the UK or while in a Go Roam in Europe or Go Roam Around the World destination to any other standard UK mobile (beginning 07 but excluding certain numbers – see page 25 for details) landline (beginning 01, 02 and 03) and voicemail (retrieved by calling 123 from your mobile in the UK) or for calls to standard landlines or mobile numbers made between Go Roam in Europe destinations Around the World destination. Inclusive texts are texts either sent in the UK or sent while in a Go Roam destination to a UK standard mobile (beginning 07 but excluding certain numbers – see page 25 for details) or to a standard mobile number from a Go Roam in Europe or Go Roam Around the World destination if sent from the same or another Go Roam in Europe destination. Inclusive video minutes on video pack with mobile are for video calls made from the UK or in a Go Roam in Europe or Go Roam Around the World destination to other Three UK mobiles. No rollover of monthly allowance to next month for Pay Monthly customers. Pay As You Go Top-up vouchers have no expiry date once activated (vouchers must be activated within 90 days of purchase). Pay As You Go Add-ons are valid for 30 days from date and time of activation, apart from Internet Daily, which lasts for 24 hours from activation and Internet Weekly, which lasts for seven days from activation.

Pay As You Go Add-ons are valid for 30 days from date and time of activation, apart from Internet Daily, which lasts for 24 hours from activation and Internet Weekly, which lasts for seven days from activation. After monthly or Top-up allowance is used up, prices for additional use are shown in our service prices tables at the front of this guide (page 11 for Business customers and page 15 for Pay As You Go customers). If your inclusive allowance runs out during a call, we will charge you for the remainder of the call at the charges published in this guide. International calls and messages not covered by Go Roam, calls and messages made and received whilst abroad in non-Go Roam destinations, premium rate calls and messages, reverse charge messages not covered by Go Roam, message alert services and directory service calls, calls to numbers that are not on the THA list, non-geographic numbers (087, 084) and special numbers (eg 090, 070) are excluded from any monthly and Top-up voice and messaging allowances. See pages 25 and 26 for details of these charges. You can return a call directly to someone who has left you a message by simply keying # at the end of their message. This is called Call Return (returning a call directly from the voicemail service). When using Call Return, calls are charged at your standard price plan rates or from any inclusive allocation, as though you had made the call directly. Call Returns will be shown separately on your bill. Call Return from voicemail may not be made to certain numbers such as international and premium rate numbers. Any call-barring restrictions you have will also apply. You can only return one call directly from the voicemail service. As soon as you finish the call you will be disconnected and will have to redial into voicemail if you wish to continue listening to your voicemail. If you divert your incoming calls to another number, we'll charge you for each redirected call. The cost of the redirected call depends on your price plan and type of number.

2. Monthly allowances for MMS messages only apply to messages within the UK, except if you are in a Go Roam in Europe or Go Roam Around the World destination in which case, your monthly allowances for photo messages will also apply. Messages sent from the UK to international destinations, messages sent and received whilst abroad, messages and alerts received as part of Three's Alerts services are excluded from any monthly Top-up and Add-on allowances for messages.

3. Each text/MMS/message can accommodate 160 characters. Some handsets allow for more, these will be divided and sent in numerous messages (depending upon length). Each message will be deducted from your Top-up, Add-on or monthly allowance (if any) or charged at standard rates.

When you send messages to several recipients at the same time you will be charged separately for each recipient. Messages sent to a SMS short code (usually 3 to 8 digits long and begin with 6, 7 or 8 or are 9 digits beginning 70) are a type of Premium Rate Service and will not come out of any inclusive or Add-on allowance. These will cost 15p per message plus the charge for the message received from the short code number (which is set by the company being contacted).

4. Monthly allowance is applied as a discount against spend on content usage. Excludes certain short code services and third party ringtone services charges via SMS and Add-on purchase. Service limitations apply.

5. Assumes use of Three USB modem, PC software dependent.

6. Only one of each Add-on is allowed per account, per month. Pay As You Go customers can purchase more than one Internet Daily Add-on per month. There is no rollover to the next month for any Add-on. Three reserves the right to suspend, modify or withdraw Add-ons, without notice, at any time. For Pay Monthly customers, each Add-on has one month Minimum Term when purchased except for (i) Add Text with Laptop, which has a Minimum Term of 18 or 24 months, (ii) Video Pack with mobile Add-ons, which have an 18-month Minimum Term and (iii) most business Add-ons (except Add Internet Max, Add International Call Saver and 3Cover, which all have the same Minimum Term as your underlying package). For Pay As You Go customers, Top-ups must be activated via My3 or by calling 444 within 90 days of purchase. Once activated Top-ups have no expiry date.

For Business Share plans, Minimum Term Add-on allowance is only available to individual sharer member purchasing Add-on (not all members registered on Business Share Plan).

7. Usage for Add-ons is unlimited for Add Video Pack (excluding Mobile TV, subscription services, Music, Tunes & Pix, Restricted, Buy & Multiplayer games, Hot Candy, Pics & Flics, all short code content and certain specific content). Add TV Channels excludes Adult TV services, TV series Passes, Mobitv and individual clips from TV shows. Handset dependent.

8. International messaging function is subject to services arrangements with respective networks abroad. Calls and messages to these numbers are excluded from any inclusive allowance on all price plans on Pay Monthly and Pay As You Go except as stated as part of Go Roam. Premium rate short code text messages sent while abroad are charged at standard roaming SMS charge plus short code charges.

9. Not used.

10. Cancellation fee: Pay Monthly customers only – there is no cancellation fee if you wish to cancel after your Minimum Term has finished.

11. Monthly Business choice allowance is a total allowance to share between all members registered on the same Business Share tariff. If additional members join a Business Share tariff during the contractual Minimum Term, the Access Charge will carry on until the end of the last new member's

contract but all existing sharers' Minimum Terms will remain unchanged. Each member has their own Minimum Term contract which commences on the day that member signs up to the Business Share Plan and is not related to other sharers' Minimum Term who join the plan at a later date. The Access Charge is payable in addition to any Member Fee from the date the first member joins the Business Share Plan until the last members (to join the Business Share Plan) Minimum Term expires. The access fee and each member's monthly fee makes up your monthly recurring charge for the purpose of the Cancellation Fee.

12. Charging/Billing. Pay Monthly – All calls made by Pay Monthly customers (except calls to short code, premium rate numbers and calls to Service Numbers) are initially rounded to the first minute and are billed per second thereafter. After the first minute for Pay Monthly customers, calls are charged by the second, except some international roaming calls, calls to some Service Numbers and Special Calls. The call duration will be mathematically rounded to the nearest second.

Calls to Service Numbers (starting 084, 087, 09 and 118) are charged differently, with the total cost split into an Access Charge and a Service Charge. The Access Charge element of these calls, will be treated as a minimum of one minute. If your call lasts less than one minute, your Access Charge will be rounded up to a duration of one minute. For calls of more than one minute, the Access Charge element is treated as lasting for its actual duration, with fractions of a second being rounded to the nearest second. The Service Charge element is set by the company you're calling and may comprise (1) a price per minute Service Charge; (2) a price per call Service Charge; (3) a price per call Service Charge plus a price per minute Service Charge (which runs from the start of your call); and (4) a price per call Service Charge plus a price per minute Service Charge (which runs from 60 seconds after the call starts). If the Service Charge includes a price per minute Service Charge, this will be treated as lasting its actual duration (except if the first 60 seconds have been excluded), with fractions of a second being rounded to the nearest second. For example, if you make a call to a service number, where the Service Charge is 10p per minute, which is simply charged at a price per minute rate and your call lasts 30 seconds, you'll be charged a total of 30p for this call, as the Access Charge element will be rounded up to a duration of one minute at 45p plus 5p for the 30 seconds of call time for the Service Charge element.

13. Spend Caps – We ask all new and upgrading customers at point of sale if they want to set a spend cap on their monthly bills. If they choose to do so, the cap will be applied to their account within 7 days of the request.

The spend cap can be set or changed by the customer at any time – visit [three.co.uk/control-your-spend](http://three.co.uk/control-your-spend)

We've automatically applied spend limits to the amount you spend on third party digital content and premium rate calls (including directory enquiries) and messages (including SMS shortcode messages). The limits are £40 per single payment transaction and the cumulative sum of £240 for payment transactions made over the course of a calendar month. These limits are set by law and can't be changed. For more information, including confirmation of what types of transactions are affected, visit [Three.co.uk/spendlimits](http://Three.co.uk/spendlimits).

Each individual charge on your bill is shown with VAT included (where relevant) and is rounded up or down to the nearest tenth of a penny to make it easier to read. This rounding process means that the total charges you see on our bill summary page may not always be identical to the 'Total due by' charge you see on the front page of your bill. Don't worry, this is normal and you're not being overcharged or undercharged. The actual amount you need to pay is the one shown on your bill's front page, next to 'Total due by'.

To request a VAT invoice: if you're on one of our Business Plans, you will automatically be issued with a bill that can be used for VAT purposes. For all other customers on the plans within this Price Guide, you can request a VAT invoice by calling 333 free from a Three phone, or 0333 338 1001 from any other phone (standard call rate applies) and select the Billing option. Three will only issue a tax invoice where it is obliged to do so following a few simple verification checks.

First Month pro-rated. Unless otherwise stated, your first month's allowance and charge for your price plan or Add-on will depend on when in the month you join Three or when you decide to select your Add-on. Whenever that is, you can start using your allowance for your price plan or Add-on straight away. We'll work out an appropriate allowance and charge to take you to the end of the first month. After that, you simply pay the standard monthly line rental or Add-on charge for a full month's allowance. The exception to this is if you purchase one of our Add Personal Hotspot Add-ons, the first month of which will not be pro-rated. You will simply receive the full monthly allowance and be charged the full amount for that Add-on in the first month of purchase.

14. Add Call Abroad 100 (100 voice minutes for £5) or Call Abroad Unlimited (unlimited voice minutes for £10) if you regularly call abroad from the UK.

The allowance can be used to call standard landlines and mobiles in Australia, Austria, Bangladesh, Belgium, Bermuda, Brunei, Bulgaria, Canada, China, Colombia, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Guam, Hong Kong, Hungary, Iceland, India, Ireland, Israel, Italy, Japan, Kuwait, Latvia, Lithuania, Luxembourg, Macau, Malaysia, Malta, Mexico, Mongolia, Namibia, Netherlands, New Zealand, Norway, Paraguay, Poland, Portugal, Puerto Rico, Romania, San Marino, Singapore, Slovakia, South Korea, Spain, Sweden, Switzerland, Thailand, USA.

These Add-ons cannot be used while roaming outside the UK and non-standard and premium rate numbers are excluded.

Please be aware these are recurring add-ons which will refresh each month until you choose to cancel and you'll be charged the full amount regardless of when you buy or cancel the add-on.

15. Inclusive GB allowances within Mobile Broadband Ready to go Kits are valid for up to: (i) 3 months (for 3 GB kit), (ii) 12 months (for 12 GB kit) or (iii) 24 months (for 24 GB kit) from the date of activation. Once your Mobile Broadband Ready to go Kit GB allowance is reached or expires, an additional Mobile Broadband Add-on must be purchased. Add-ons last for 30 days once activated (excludes Mobile Broadband Ready to go Kit allowance). Activation starts as soon as you have converted a Top-up. Outside of your Add-on allowance data usage will be charged at £1 per MB. Charged by the byte. Mobile Broadband is compatible with Windows 2000, XP and Vista operating systems and Mac OS (may require additional drivers). Maximum speeds of up to 2.8Mbps on Three's HSDPA network.

16. Add Text with Laptop. All Add Text with Laptop Add-ons have a Minimum Term of 18 or 24 months and can only be purchased with Broadband 5 GB, Broadband Lite or Broadband 15 GB plans (on an 18 or 24-month Minimum Term contract) direct from Three or via selected Three authorised retailers. Inclusive texts are texts sent in the UK from laptop to standard UK mobiles. Laptop supplied by Three (in respect of Add-ons purchased via Three) or from authorised Three retailer (in respect of Add-ons purchased via an authorised Three retailer) at no additional charge.

17. Three Wireless Modem is available as a package with a bundle of text messages which can be sent from a PC. The Wireless Modem is also available on its own in some Three retail channels from £39.99 depending upon the price plan. Alternatively, you could buy an 'Add-Text with Device' Add-on and get this whole package from only £2 per month as well as your chargeable data plan (minimum 18-month term contract), where the Wireless Modem is essentially included at no extra charge with a text bundle. Inclusive texts are texts sent from a compatible PC in the UK, to UK mobiles using a text messaging application on your PC. You need to download the software for the text message application (included with the Wireless Modem) and this currently works with Windows XP or Vista. The text messaging application currently doesn't work with Mac operating systems, but it can be used for Mobile Wi-Fi.

18. Three reserves the right to extend, withdraw or modify the terms of Go Roam and/or the destinations included at any time. If your plan, or Add-on, allowance comes with a data allowance greater than 12GB your data use while abroad in a Go Roam in Europe destination is limited to 12GB of data. Use over this up to your allowance in our Go Roam destinations is subject to a surcharge of 0.3p/MB. Three reserves the right to suspend this service if we reasonably believe that the customer is in contravention of our use requirements set out in our terms and conditions.

Three reserves the right to suspend this service if we reasonably believe that the customer is in contravention of our use requirements set out in our terms and conditions.

19. Recurring Payment Discount. New customers can only join pay monthly plans on Direct Debit and our plans' prices include a discount for paying by this efficient means. Direct Debit is brilliant for you as payment will be taken automatically and your account will not be suspended if you forget to pay. It is also the most efficient method for us. You should maintain your Direct Debit whilst you stay as a Pay Monthly customer. You can change your bank details at any time, just let us know.

We cannot prevent you from cancelling your Direct Debit and if you do, you are still required to pay your bills by the due date. We will retain your discount if you give us any of the following given means of payment provided that you simply allow us to store your selected payment method so that we can charge you on your billing date each month. Don't worry, you can swap these details at any time and on multiple occasions. If you do not permit us to store payment details you will lose the recurring payment discount.

You can choose any of the following given means of payment. Simply allow us to store details and you will remain eligible for the £5 monthly recurring discount.

## Your Rights - Complaints

Remember, if you're unhappy about any aspect of our services, you should contact Three Customer Services on 333 (free) from your Three phone or 0333 338 1001 from any other phone. For Mobile Broadband customers call 500 (free) from your Three phone or 0333 338 1003 and for the Business support team call 337 (free) from your Three phone or 0333 338 1030.

We'll investigate any complaint in accordance with our customer complaints code, after which we'll contact you with the results. A copy of our customer complaints code can be viewed on our website at [Three.co.uk/complaints](http://Three.co.uk/complaints) or you can request a copy by contacting us on the numbers mentioned above.
